**Item 2.01**                    **Completion of Acquisition or Disposition of Assets.**

On July 2, 2020, Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the "Company") filed a Current Report on Form 8-K (the "Original 8-K") disclosing, among other things, the entry into certain agreements relating to the acquisition, ownership and management of a preferred equity interest in a partnership (the "Partnership") with a subsidiary of ENGIE S.A. that is expected to own approximately 2.3 gigawatt portfolio of wind and utility-scale solar assets. On July 1, 2020, the Company made an initial capital contribution to the Partnership of approximately \$150 million related to four operating wind projects with an aggregate capacity of approximately 663 megawatts.

The Original 8-K stated that the financial statements and the pro forma financial information required by Item 9.01 of Form 8-K would be filed by amendment to the Original 8-K within 71 days after the date on which the Original 8-K was filed. The Company has subsequently determined that the acquisition was not significant and such financial statements and pro forma financial information are not required and therefore is amending and restating Item 9.01 of the Original 8-K to eliminate the references to the potential subsequent filing of financial statements and pro forma financial information.

Except as described above, all of the other information in the Original 8-K remains unchanged.

**Item 9.01**                    **Financial Statements and Exhibits.**

Not applicable.
